

MASK POLICY DUE TO COVID 19

In order to partake in lessons masks must be worn at all times, covering nose and mouth in the studio and waiting area for the duration of lessons. This policy will remain in place regardless of vaccination status, and regardless of CDC recommendations.

This includes parents, students, caregivers/guardians for the foreseeable future.

This is an in-home studio with children who are medically fragile. Although I am fully vaccinated, I will continue to wear a mask and sanitize between lessons. Thank you.
